# Machining and Fabrication Focus Factory

If you are looking for a one stop shop to handle all your equipment needs then you have come to the right place. Our machine shop has 4 CNC Horizontal Boring Mills (HBM) with capacity to handle up to 110,000 lbs on our rotary table, a complete line of CNC lathes, CNC Vertical Turning Centers and CNC vertical and horizontal milling centers complete with a 2 position pallet changer as well as a 72" x 39' lathe capable of handling 36 MT between its centers.

Our 10,000 sq. ft welding facility is CWB Level 2 certified with crane capacity up to 40 tonnes. After MIG, Gas or Arc welding, most weldments and all housings are stress relieved in our 20 ft long x 15 ft high x 15 ft wide certified furnace using up to 8 probes to control temperature uniformity within the part.
